Automobili Lamborghini S.p.A.

Founded in 1963, Automobili Lamborghini is headquartered in Sant'Agata Bolognese, in the province of Bologna, and produces some of the most desirable super sports cars in the world. Still rooted in its historic headquarters in the heart of Motorvalley, Lamborghini is synonymous with the highest technological expertise in the design and production of engines with extraordinary performance. The design of each model has always been unique: the language of forms is visionary and ahead of its time.

Brave, unexpected and authentic: the three values of the Sant'Agata Bolognese brand are reflected in the three models in the range, the V8 engine with Super SUV Urus, the perfect combination of power, performance, comfort and driving versatility and two super sports cars with naturally aspirated V10 and V12 engines, the Huracán and the Aventador successor, the newborn Revuelto, the starting point to the "Direzione Cor Tauri", the hybridization and electrification of the whole Lamborghini range.

Automobili Lamborghini is today a global company with a balanced presence in the three macro-regions America, Europe/ Middle-East/Africa and Asia Pacific. Based on record commercial and financial results and in constant growth and with the support and passion of over 2,000 employees, Lamborghini is now aiming for an increasingly sustainable future, up to the introduction of a fourth model full electric, while still fully respecting the values and DNA of the brand.
